As we begin a new season, here are a few important reminders to help ensure a smooth and successful start:

- In some classes, the first few weeks will be dedicated to **reviewing material from last year**. This helps dancers refocus, build confidence, and reinforce key concepts.
- A portion of our younger classes will also be spent on **establishing classroom routines and reinforcing proper etiquette**.
- Please have your dancer **use the restroom before class** begins.
- Provide your dancer with a **healthy snack before class**, especially if they are coming straight from school.
- **Label all shoes, dance wear, and accessories** to avoid mix-ups.
- The first few weeks can be a bit hectic as everyone gets settled—please be mindful of dancers trying to get to class on time.
- **Parents/guardians: be prompt with drop-off and pick-up** to keep transitions smooth.
- For our youngest dancers, it's completely normal to feel anxious or even shed a few tears in the first few weeks. **Our teachers are trained to handle this with care and compassion**. The best way to support your child is to offer reassurance and remind them that they're going to have fun!
- **Parents should not enter the classroom during class time**.
- If you have any questions or concerns, please don't hesitate to **stop by the office or email the studio**. We're here to support you and make this a happy, positive, and rewarding experience for your dancer!
